EXPERIENCE

SAMU First Response

January 2026 – Present

Employment & Education Specialist

Washington, DC

- Provide employment and education coaching to DC youth experiencing homelessness in a youth drop-in center
- Build ongoing mentorship with participants as they transition into new employment and continue developing workplace readiness
- Advise participants on education pathways, including high school completion, trade school, and college degree options
- Connect youth with individualized employment, education, and community resources.

WE Strategies

April 2024 – April 2025

Senior Policy Associate

Washington, DC

- Managed data strategy and program operations across workforce development and education initiatives
- Led analysis and performance tracking for agencies including the Department of Employment Services (DOES), and Office of the State Superintendent of Education (OSSE)
- Authored analytical and strategic reports to inform program design and funding priorities
- Trained and supported over 10 staff members and instructors on data visualization, reporting, and evaluation methods to build organization-wide analytical capacity

Kugler Economic Associates

February – June 2021

Economic Analyst

Bethesda, MD

- Analyzed wage and employment data to identify trends among essential workers during COVID-19, and presented findings in policy memos and presentations to senior leadership
- Collaborated with senior researchers to validate data and align with project deliverables

Georgetown University

August – December 2020

Teaching Assistant

Washington, DC

- Supported instruction in quantitative program evaluation and impact assessment
- Provided guidance to 46 graduate students on interpreting and applying evaluation data to policy settings
- Contributed to course materials emphasizing data-driven management practices

Georgetown University

July – October 2020; May 2017 – July 2018

Research Fellow

Washington, DC

- Managed coordination for a 500-participant labor market survey and research activities
- Synthesized findings into policy briefs for government and academic partners
- Ensured research outputs aligned with program goals and stakeholder expectations

Aspire After-school Learning

August 2019 – May 2020

Pro-Bono Consultant

Washington, DC

- Evaluated after-school program outcomes using mixed-methods analysis
- Delivered findings and recommendations to guide improvement of equity-focused education programs

World Bank

September – December 2019

Data Analysis Intern

Washington, DC

- Conducted data analysis for regulatory reform projects under the Doing Business 2020 initiative
- Prepared concise internal reports summarizing progress and policy implications for education and workforce sectors

Harvard Kennedy School

October 2016 – July 2018

Policy Fellow

Riyadh, Saudi Arabia

- Oversaw field research operations across more than 20 education and labor programs
- Coordinated data collection, analysis, and reporting with national ministry teams
- Designed evaluation frameworks and provided technical support for monitoring and performance tracking
